

## **CISD PEST MANAGEMENT POLICY FOR STAFF MEMBERS**

The district prohibits the possession, storing or application of any kind of pesticide on school premises, or as part of any of the district's activities, by unauthorized personnel.

A pesticide is defined as a substance or mixture of substances intended for destroying, repelling or mitigating any pest. This includes items like glue boards, fly traps and cans of household insecticides. A pest is any living thing that exists where it is not wanted, as defined by School IPM Regulation.

If you would like a copy of the district's IPM policy statement, please see the superintendent of schools or the IPM Coordinator Debra Price.

Employees who violate this prohibition shall be subject to disciplinary sanctions and a possible fine.
